FS-414F (Art.262F) FIBA approved.

Pair of panels (side displays) showing the name of 14 players on the 2 teams.

Ideal for Basketball, Volleyball, 5-a-Side Football (Futsal), Waterpolo, Handball, etc..

Functions displayed for each player (14 players per team):

Player name: 12 characters, 15cm high.

Technical characteristics for both panels:

- **Dimensions and weight:** 2x 145x300x11.5cm, 206kg.
- **Distance and readability angle:** 70m (230ft), 150 degrees.
- **No front protection cover required.** Complies with DIN 18032-3 and UNI 9554:1989 standards on "resistance to damage from balls". You save on the cost of a protective cover, visibility is completely preserved, and access to the scoreboard is easy. **YouTube video**
- **F.I.B.A. approved** (info, FIBA certificate). It can be used together with other models for creating large scoreboards displaying various information (info).
- **Shipping is cheap and fast.** The scoreboard is especially designed to be taken apart into smaller modules that are easy to assemble. This allows it to be shipped via all major couriers at a low cost and with faster delivery times to all countries.
- **Easy to install.** Technical instructions in 5 languages. Provided with bolts and brackets for wall mounting.
- **Supplied with serial cable** 4m in length to connect to the main electronic scoreboard (FS-100/100N, FS-110/110N, FS-120/120N, FS-130/130N) or to a Radio Receiver (art.265-20). See ACCESSORIES.
- **Robust container** made from powder-coated aluminum. Front panel made from anti-glare polycarbonate.
- **Views are easily accessible** from the front, built with high-quality, wide-angle SMD LEDs with an average life of 100,000 hours!
- **Control Console (not included).** Controlled via the Control Console (see ACCESSORIES) of the electronic scoreboard above it.
- **Guarantee:** 2 years (info).
- **Power supply:** 100-240Vac, 50-60Hz, 280VA. Select the type of plug for the power supply cord when ordering.

ACCESSORIES (not included):

- **Scoreboard Control Console: Art.308-01 Console-700**

  User-friendly multisport touchscreen console for FC, FS, FW, TM, FOS series electronic scoreboards. Wireless or wired communication. 14-hour average life internal battery.
- **FS2 Radio Receiver for FS scoreboards (art.265-20).** Receives via radio the data transmitted by the control console and distributes the signal to one or more scoreboards via cable. Reliable wireless communication: by 2.4GHz FHSS (Frequency Hopping Spread Spectrum) radio transmission to avoid interferences. The use of a wireless system reduces costs by eliminating the need of a cable connection between console and scoreboards. >> Radio Receiver installation manual
