PLAY20-V Volleyball scoreboard with luminous console display (Art.344D)

The link between the scoreboard and the console takes place through a wire phone: in endowment is given a 60m long cable. The **console with display** presents the following advantages:

- it is necessary if the console operator does not have a direct vision of the scoreboard and it performs the management easier;
- it disposes of a greater number of keys and tasks;
- Can be connected up to 4 scoreboard repeaters PLAY20V-REPEATER (see options).

Options

PLAY20V-REPEATER (ART.344R): use of a second scoreboards as repeater.

Some times can be useful install two or more scoreboards to improve the visualization by the audience and/or of the players. It is possible to connect till four **PLAY20V-REPEATER (art.344R)** to the "Console display" of the art.344D PLAY20-V model. The link among the console and a scoreboard takes place by a telephone cable (in endowment is along 60 meters).
