PLAY30-V with luminous console display (Art.345D)

The link between the scoreboard and the console takes place through a wire phone: in endowment is given a 60m long cable. The console with display presents the following advantages:

- it is necessary if the console operator does not have a direct vision of the scoreboard and it performs the management easier;
- it disposes of a greater number of keys and tasks;
- Can be connected up to 4 scoreboard repeaters PLAY30V-REPEATER (see options).
