PLAY30-C with luminous console display (Art.351D)

The link between the scoreboard and the console takes place through a wire phone: in endowment is given a 60m long cable. The **console with display** presents the following advantages:

- it is necessary if the console operator does not have a direct vision of the scoreboard and it performs the management easier;
- it disposes of a greater number of keys and tasks;
- Can be connected up to 4 scoreboard repeaters **PLAY30C-REPEATER** (see options).

OPTIONS

Internal Car HORN (Art.333I)

The PLAY30-C already has an his own acoustic signaller to signal the end of the time. If you need to get a more powerful acoustic signaller (for instance in wide and/or noisy places) it is possible to order the PLAY30-C with a car horn included (Art.333I). Please take care the car Horn is purchasable only together to tables and not subsequently.
