Last foul: [0-99] player number, [0-9] foul number. Digits 30cm high.

Technical characteristics:

- **Dimensions:** 200x180x9cm.
- **Weight:** 60kg [FS-130], 67kg [FS-130N].
- **Distance and readability angle:** 130m (425ft), 150 degrees. For the FS-130N model, team-names readable up to 90m (295ft).
- **F.I.B.A. homologation for FS-130N model** (info, FIBA certificate). It can be used together with other models for creating large scoreboards displaying various information (info).
- **No front protection cover required.** Complies with DIN 18032-3 and UNI 9554:1989 standards on "resistance to damage from balls." You save on the cost of a protective cover, visibility is completely preserved, and access to the scoreboard is easy. **YouTube video**
- **Game timer.** Using the Control Console (see ACCESSORIES) you can choose different operation modes depending on the sport selected: game and interval time, count back or forward, display last minute tenths of a second, display time of day, etc..
- **The horn** can be sounded manually or automatically when the time expires, producing a strong acoustic signal (120dB at 1m) with adjustable duration and intensity.
- **Display of the last foul** (PLAYER/FOUL) with the number of the player and the number of the player foul (displayed for a few seconds).
- **Shipping is cheap and fast.** The scoreboard is especially designed to be taken apart into smaller modules that are easy to assemble. This allows it to be shipped via all major couriers at a low cost and with faster delivery times to all countries.
- **Easy to install.** Technical instructions in 5 languages. Provided with bolts and brackets for wall mounting.
- For the FS-130 model **selection of words** to chose from when ordering: HOME-GUEST, LOCALI-OSPITI, LOCALES-VISITANTES, LOCAUX-VISITEURS, HEIM-GÄSTE.
- **Robust container** made from powder-coated aluminum. Front panel made from anti-glare polycarbonate.
- **Supplied with serial cable** to connect to the Control console, 50m long or chose from different lengths when ordering. Alternatively, a Radio Receiver is available (art.265-20) that allows you to save on the cable costs installation (see ACCESSORIES).
- **Views are easily accessible** from the front, built with high-quality, wide-angle SMD LEDs with an average life of 100,000 hours!
- **Anti-moisture coating** of the electronic boards, mandatory for swimming-pool and ice-rink installations. Please specify this option when ordering.
- **Guarantee:** 2 years (info).
- **Power supply:** 100-240Vac, 50-60Hz, 250VA [FS-130] / 300VA [FS-130N]. Select the type of plug for the power supply cord when ordering.

Time-Console-03, additional console for chronometer and 24/14/30 second shot clock
Size: 12x8.2x2.5cm. - Weight: 0.32kg.

ACCESSORIES (not included):

- **Scoreboard Control Console: Art.308-01 Console-700**

  User-friendly multisport touchscreen console for FC, FS, FW, TM, FOS series electronic scoreboards. Wireless or wired communication. 14-hour average life internal battery.
- **FS2 Radio Receiver for FS scoreboards (art.265-20).** Receives via radio the data transmitted by the control console and distributes the signal to one or more scoreboards via cable. Reliable wireless communication: by 2.4GHz FHSS (Frequency Hopping Spread Spectrum) radio transmission to avoid interferences. The use of a wireless system reduces costs by eliminating the need of a cable connection between console and scoreboards. >> Radio Receiver installation manual
- **Statistics panels (Side Displays)** ... >> Link
  To show player fouls, points, numbers and names.
- **24 seconds or 30 seconds Shot Clocks** ... >> Link
  Additional scoreboards in various versions to display the offense/possession time and game time.
