

ELECTRONICS FOR SPORT

PLAY20 (Art.320, Art.320T)

Electronic scoreboard for bowls and other sports

- Art.320 PLAY20 One-side display. Wall fastening.
- Art.320T PLAY20 with infrared telecontrol.

FEATURES

- 20cm-high figures, readable from 50m away. The different colour of the two numbering devices (red and green) makes it easier to recognise one's score.
- It is supplied with a keyboard already connected by means of 30m-long cable. The cable can be extended very easily because it only has 2 conductors.
- The keyboard is extremely sturdy, with membrane-type keys (5 million operations), in red and green like the corresponding displays. Mistakes in score-taking, which can occur if the keyboard is not placed in front of the scoreboard, are thus avoided. It can be connected to a second keyboard (Art.324) to control the scoreboard from 2 positions.
- The following operations can be carried out from the keyboard: turn on and off the scoreboard, zero, increase or decrease single numbering devices. The score is up to 99. It is supplied with cable and supply plug.

- Telecontrol range: 25-35m.
- An innovative system allows more than one remote control to be used in the same room without the need for setting any code.
- Sturdy small alluminum box: 11 x 4.8 x 2.2 cm.
- Flat keyboard which does not get ruined by dirt or liquids.

Art.320 ...PLAY20 Size: 85x38x11cm. - Weight: 11kg.

Art.320T

...PLAY20 with infrared remote control (RX+TX)

Size: 85x38x11cm. - Weight: 11.2kg.
